

Crosby Ravensworth Parish Council

Health and Safety Policy

Adopted by Full Council on 5 February 2018

Introduction

Crosby Ravensworth Parish Council recognises that under the Health and Safety at Work Act 1974 it has a legal responsibility to ensure the health, safety and welfare of its employees, councilors and volunteers. It is also keen to ensure, as far as is reasonably practicable, that members of the public who use council owned public areas do so in the safest way possible.

Responsibilities

The council recognises and accepts its responsibility as an employer for providing safe and healthy working conditions for its employee, volunteers, and councilors and to that intent to:

1. ensure all equipment and systems of work are designed and maintained to operate and function safely;
2. ensure sufficient information, instructions, training and supervision is provided to enable its employees, volunteers and councilors to avoid hazards and contribute positively to their own safety and health at work;
3. promote safety awareness among its employees, volunteers, councilors and members of the public;
4. provide a safe environment for all visitors and members of the public, bearing in mind that these persons may not be aware of health and safety risks which arise from using some council facilities;
5. ensure the wearing of Personal Protective Equipment where required;
6. ensure any contractors engaged by the council will be required to submit a suitable Method Statement and to adhere to such health and safety issues as the council may deem compulsory;
7. ensure risk assessments are carried out as necessary and retained on record;
8. carry out Electrical Portable Appliance Testing on parish council equipment annually to conform to current legislation.
9. assign responsibility to the Parish Chair for ensuring the Health and Safety Policy is reviewed, maintained and adhered to.

Health and safety will be kept under review by the council but the employees, volunteers and councilors are reminded that they also have a duty of care for their own safety and that of other persons who might be affected by council activities and to co-operate with the council so as to enable it to carry out its own responsibilities successfully.

The final level of responsibility is, however, that of each and every individual who should:

1. seek advice on safety and health matters from the Clerk, or Chair, and follow advice given;
2. use, in a correct and safe manner, all equipment including machinery, tools and Personal Protective Equipment if required;
3. report immediately to the Clerk, or Chair any defects in equipment which come to their notice;
4. report promptly to the Clerk, or Chair, any incidents which have led or might lead to injury or damage and co-operate with any investigation which might be undertaken with the object of preventing accidents or re-occurrence of incidents.
5. record any such accidents in an Accident Book, held by the Clerk.

A copy of this statement will be issued to any employees, councilors and volunteers of the council.

This policy will be revised, added to or modified when required and reviewed annually.
